

### **Prospective Student Events Update**

In the next couple of months, we have many opportunities for your students to learn more about UCalgary. To highlight these events, we've provided digital posters for your schools for our Choose UCalgary Webinars as well as our Faculty Information Night webinars. Pre-registration required.

Lastly, if you or your students missed our Virtual Open House, we are pleased to announce that you can still visit our virtual event. It will be available until March 1, 2021. Our Campus Tour program is also running again with all COVID-19 protocols in place. For students who are unable to join us for an in-person tour, we are also offering a full virtual live campus tour once a month!
