

## Upcoming Events for International Students

### Applicant Information Events :

Your students can join us for an hour-long [Applicant Information Event](#) to discover what their next steps are with UBC. During these sessions, they'll hear about UBC's admissions process and what to expect in the coming months. Each Applicant Information Event is tailored to their location, so they can meet other students from their country and region for the first time. Our Applicant Information Events run from **late March to mid-April**.
