**\*\*Horticulture 11 (Vos)** Students plan a small garden space with a specific goal in mind (sustainability, vegetable production, cut flowers, plant experimentation, etc.). Students then bring their plans to fruition in an outdoor space on campus. Students will be expected to prepare plants and a garden site and then maintain them for the semester. The first half of the course will include design, research, and planning for the garden space. Potential field trips may include local nurseries, farms, and urban gardens. Guest speakers will also be sought out to mentor students along the way. The second half of the course will see students build, revise, and maintain their space. In addition to the major project students will also complete several smaller projects (eg. succulent gardens, propagating plants from food scraps, floral arrangements, herb garden, seed starting, composting, etc.).

The **Mustangs Sports Academy** class will be offered after school, at various times, but generally on Tuesdays and Thursdays, before or after school. If you are interested in the Mustangs Sports Academy, please download that application from the school's website (<http://www.immaculatakelowna.ca/admissions.php>). Only 24 students school wide will be selected for the academy.

**Social Justice 12** is scheduled outside the timetable. It will be held on Wednesday mornings starting at 7:30.
